

SOUMIK DAS

Full-Stack & Data Science Enthusiast

CONTACT

Phone: +91-8942862272

Email: soumikdas261@gmail.com

GitHub: github.com/Sam124-Scorpion

LinkedIn: linkedin.com/in/sam124

Location: Cooch Behar, West Bengal

TECHNICAL SKILLS

Languages

- Python
- JavaScript

Web Development

- Django, FastAPI, React.js
- HTML5, CSS3

ML / AI

- Scikit-learn, LangChain, RAG
- NLP, Hugging Face, GenAI

Data & BI

- Pandas, Matplotlib
- Streamlit, Tableau, EDA

Tools

- Git, GitHub, GCP
- MySQL, MongoDB

EDUCATION

B.Tech - CSE (Data Science)

Brainware University
2022 - 2026 | SGPA: 8.95/10

Higher Secondary (12th)

Cooch Behar Rambhola High School, WBCHSE
2022 | 82%

Secondary (10th)

Maharaja Nripendra Narayan High School, WBBSE
2020 | 86%

PROFESSIONAL SUMMARY

Aspiring data science graduate with hands-on experience in full-stack development, generative AI, and machine learning, specializing in building scalable, intelligent solutions using Python, Django, and FastAPI.

INTERNSHIP EXPERIENCE

Industry Intern - Web Dev (Django + AI)

Euphoria GenX Pvt. Ltd. (Brainware University) | Aug - Nov 2025

- Built a fully functional AI-integrated expense management system in Python/Django, implementing MVT architecture, 8+ REST API endpoints, and relational database management, reducing manual data entry effort by an estimated 60%.
- Completed a 3-month industry internship and earned dual certification in web development using Python Django with AI integration from both the industry partner and the university training body.

Machine Learning Intern

Indus Net Technologies, Kolkata | Feb - Mar 2025

- Built an end-to-end sentiment analysis pipeline using Python, Pandas, and Scikit-Learn, achieving 87%+ model accuracy through iterative preprocessing, hyperparameter tuning, and real-time evaluation with visualized performance reporting.

Web Development Intern

WebTek Labs Solutions Pvt. Ltd. | Jan - Feb 2025

- Contributed to 3 live production web application features, resolved 15+ bugs through systematic debugging and unit testing, and collaborated across teams to meet sprint delivery deadlines consistently.

PROJECTS

Resume Parser with RAG

Python, Streamlit, LangChain, FAISS, RAG Pipeline

- Architected an intelligent resume parsing tool using a RAG pipeline (LangChain + FAISS vector store) to extract and semantically query structured candidate data from PDF resumes, reducing manual screening time by up to 70% through an LLM-powered conversational interface.

Housing Price Prediction

Python, FastAPI, Scikit-learn

- Built a machine learning model to predict housing prices using Scikit-learn regression algorithms, achieving 86% prediction accuracy through feature engineering and hyperparameter tuning.
- Deployed the trained model as a REST API using FastAPI, enabling real-time price inference for downstream applications.

SpendMate - AI Spending Companion

Python, Google Gemini API, OpenStreetMap API

- Built an AI-powered smart spending companion that analyzes user mood, budget, and geographic location to deliver personalized entertainment and dining recommendations using the Google Gemini API for natural language understanding.
- Integrated OpenStreetMap data for real-time venue discovery across theatres, restaurants, and hangouts, and implemented an intelligent fallback mechanism with session-based caching to maintain continuous service availability during API rate limiting.

Daily Expense Manager

Python, Django, React.js, SQLite3

- Delivered a full-stack personal finance application with AI-powered financial insights, enabling users to categorize expenses, track spending patterns across 10+ categories, and receive actionable budget recommendations.

Predo - Attendance Predictor

Python, Streamlit, Pandas, Matplotlib

- Launched an interactive attendance prediction app using statistical modeling with Pandas and Matplotlib visualizations, accurately forecasting attendance trends with a Streamlit UI adopted by peers for semester planning.

CERTIFICATIONS

- Data Analytics Job Simulation - Deloitte Forage (Mar 2026)
- Data Visualization - Tata Forage (Mar 2026)
- Exploratory Data Analysis - FutureSkills Prime Nasscom (Mar 2026)
- Gen AI - NASSCOM Skill Development SFJ (Mar 2026)
- Yuva AI for All (NSQF Level 2) - NIELIT NCVET Skill India (Mar 2026)
- Web Design & Development - NSDC Skill India Digital Hub (Mar 2026)
- Cybersecurity Essentials - Cisco NetAcad (Jul 2024)
